R. C. Nelson has purchased the Furniture store from Mrs. G. L. James. Mr. Nelson is well known in town and country, and should have the loyal support of the public.

G. C. Waterstreet, of Clara, has taken over the Royal Hotel, and is making extensive alterations and cleaning up in general. Mrs. A. are being served and the house will be run as a first-class hotel. Mr. Waterstreet and family will be welcome to Ponoka, and no doubt will have a share of the public patronage.

Thos. Underwood, ex-mayor of Calgary, met with a nasty accident on the railway platform here on Wednesday morning, the 25th. He was representative of the First Baptist church, Calgary, at Mr. Turner's ordination, and was returning home by the early morning train. The morning was very dark, and there being no lights on the platform, he fell over some freight and broke a rib over a lung.

Sympathy will go out to the Froman Brothers in the death of their father, Geo. Froman, of Albany, Oregon. Deceased, who was 92 years old, was born at Danville, Ill. In 1851 Mr. Froman was married and the wedding trip was across the plains by ox wagon to Oregon, and had continuously resided on his claim, near Albany, for the past 70 years. He leaves a family of 11, all of whom are living—Jerome, George and James being well known farmers in this neighborhood.

Frank Neijeloff got \$135 for his turkeys when he brought to town on Tuesday.

To all appearances winter has arrived, at least the thermometer shows the information that it has been 5, 10, 20 and 30 below, and if that signifies anything, it is cold; and cold it has been!

Curling commenced on Tuesday, and every lawful night since the risks have been fully patronized. The opening contest was between risks chosen by President C. H. Cunningham and Vice-president A. A. Graham. Rumor has it that the latter assembled.

That wise head who upon the snow about the hills winter and early spring should be wont to live with the muskrat and beaver, who according to the tale, have made an suitable housing provision for a severe winter. Judging by present conditions the story may only be classified as a gigantic fabrication.

JAMIESON.—On Saturday, Dec. 26, to Mr. and Mrs. W. Jamieson, of Brooks, a son.

The annual meeting of the Ponoka Agricultural Society was held in the town hall Thursday afternoon. There was a fair attendance and an optimistic feeling prevailed. W. L. Geo. was re-elected president, and L. I. Stuart, secretary, with a full board. The society has made wonderful strides during the past two years, and it must be gratifying to all concerned to know that, after the government grant is received, the society will be owing the small sum of \$26.30.

Wilmut school will hold a Christmas tree and program on Thursday, December 24, in the Locking Public Hall. Program at 8 sharp. Basket social to follow. Ladies please bring baskets. The proceedings will close with a dance. Proceeds to go for a school organ.

HOCKEY GAME AT LACOMBE WAS GOOD

Ponoka Defeats Leduc in Hockey Game

SOME GOOD STICK HANDLING SCORE 7 TO 5

Ponoka hockey team stepped out on Tuesday afternoon and defeated the Leduc aggregation in the first game of the "Big Four" Hockey League—the score being 7 to 5 in favor of Ponoka. The fans were treated to a good exhibition, and are convinced that the home team will make a good showing throughout the season. The Ponoka team showed better signs of combination play and their stick handling a little superior to that of their opponents. Smith had the dash and go, and a little flash will produce a hockey play. If Leduc had the speed, and made some brilliant dashes, but not so much in judgment, but no doubt, with a few work-outs all but a dangerous man to contend with. Good started for Leduc but was watched closely. The game all through was fairly clean, although a few of the players alerted the fence as a result of their tactics.

R. H. Small was referee.

Railway News

Ponoka.—It is announced that Mr. G. S. Beer, C. P. R. city passenger agent, after District Passenger Agent William Palmer, has been promoted to the post of assistant district passenger agent. Mr. Palmer now has two assistants in his territory.

Medicine Hat, Alberta.—An expenditure of about \$50,000 is represented by the extension to the Canadian Pacific Railway Company's mechanical coaling plant, and that sum is about equally divided between those two improvements. In both instances the work has given much employment to local men and there is still a considerable amount of work to be done in connection with the extension to the residents.

Redwood, Ontario, Mr. E. A. Williams, Canadian Pacific Railway baggage master, who is adding to his regular duties, takes care of the regular garrison, which attracts so much favorable comment from travelers over the line. It is a very comfortable room, Mr. Williams has not been notified that his plot has been awarded sound prize in the Quebec district, all of the depot garden having been recently judged by an official of the road. During the last few years Mr. Williams has carried off a number of first prizes but the competition is growing longer year by year.

St. Thomas, Ontario.—Work has been commenced on the construction of an extension to the present C.P.R. yards east of the city in the form of an 800-foot repair track at an expenditure of approximately \$10,000. The grading work which is being done by train and the work of the track was started recently. The extension is necessary to cope with the increased business and also to facilitate the repairing of cars. It is also understood that the addition of the new track will result in several more employees being added to the C.P.R. repair gang.

Belmont, Ireland.—For the first time on record a Canadian-bound steamer sailed from Belmont Lough carrying mail, direct to the Dominion capital. The vessel was the Canadian Pacific Railway Company's S.S. "Metagama," which, incidentally, was built in Belfast. The vessel anchored off Kilroot and 23 bags of mail, together with some 100 emigrants from Ulster, were conveyed to it by the Harbor Commissioners' tug "Morgue."

Historical fact has been the practice to send the mails to Liverpool and from there to London. The system was discredited, but, acting on instructions from the secretary of the Post Office in London, the present system was introduced.

One of the passengers was a five-year-old child, from Dublin, whose parents are in Canada. The little boy was in charge of a woman who handled it over to the captain of the "Metagama."

A letter "Telegrams" representative was shown over the "Metagama" and saw an exhibit of the excellent arrangements made for the comfort of passengers.
